A group of five children are posing for a photo in front of a light blue building with a window featuring blue metal bars. On the left, a young boy with dark skin and short hair is partially visible, wearing a dark grey t-shirt. Next to him is a girl with long dark hair, a nose ring, and a bright red t-shirt; she is smiling and waving her right hand. In the center foreground, a young boy with dark hair is wearing a green polo shirt with a red collar and a patch that says 'Two 3 2014 wonderful festival'. Behind him, a girl with dark hair is wearing a light blue t-shirt with 'happy good Kala' printed on it and has her arm around the boy's shoulder. To the right, another girl with dark hair and a white hair clip is peeking out from behind the girl in the light blue shirt, looking towards the camera. The ground is paved with irregular, light-colored stones. The word 'ember' is written in a large, white, cursive font across the middle of the image, partially overlapping the children.

Jesus said to them, "Let the little children come to me, and do not hinder them, for the kingdom of God belongs to such as these."

Mark 10:14b

# VISION FOR CHILDREN

## BURMA

**Miss Emerald's Home** will be moving to a beautiful, more rural location in the future. We praise the Lord, as all funds have been raised for the new facilities that will be built there. Some of the children have been raising a garden there which will play a crucial role in the coming days. Inflation is quite high and many can't afford to buy food or medicine. All at the home say, "Thank you for supporting us and for your prayers."

**Winner Education Center** is in a period of sadness as one of the teenage boys there suddenly became ill and died. Gifts from generous VBB donors made it possible for the center to cover the cost of his funeral and travel expenses for his parents to be at the service. The family and the caregivers at Winner Education Center express their gratitude for the generosity of those who gave for this need.

## INDIA

**Abundant Life**, located in Aizawl, India, is home to eighteen children; all are healthy and in school. One of the older boys is a Bible student studying theology. VBB donors help to cover the cost of his academic fees, food for all the children, and admission of new children.

A current need at this home is for renovations to their buildings in order for them to meet government standards. Please prayerfully consider becoming a donor for Abundant Life Home.

**Shekina Haven Learning Center** is a new work located in a village near Aizawl, India. The area is a new mission field, as members of several families now follow Christ. Shekina Haven volunteers are homeschooling twelve children from these families because there is not an adequate school system in the area. The hope and vision is for the center to have its own building by this time next year. Please prayerfully consider becoming a donor for this work. Your contributions will help make this hope a reality.

## NEPAL

**Asha Hetauda** provides a loving home for children whose parents have been incarcerated. Our Vision for Women Coordinator recently visited this home and spent time with the children playing and eating with them. Each day the children have daily devotions where they learn more about God, pray, and sing to Him. By sponsoring Asha Hetauda you can help provide food, housing, clothing, school fees, books, and a Bible for each child.

## PAKISTAN

**Safe Haven** recently moved into a larger facility which has allowed them to receive six new children. The new home has no yard which has made creating more indoor activities quite important. Increased political turmoil has also kept the children from being able to leave the home for outings. Vision Beyond Borders has provided musical instruments and donors have given yarn, craft supplies, indoor games, and children's books to help with this need. Please pray for calm in the country so that the children can spend more time outdoors.
